News

Welcome to the Sunbelt Family!

Note from the Editor

As a traveler, your life goes in many directions. Your relationship with Sunbelt should remain constant and we want you to feel part of the family here at Sunbelt. So, we have developed this first edition newsletter to let you know what is happening in the corporate office and with our travelers. If you have a story to share, please let us know. We would love to recognise your accomplishments in future issues. In addition, please let the editor know anything you would like to read about. This newsletter is written for you, as you are the reason we are in the business.

If you have ever wanted to get out of the clinical side and try sales, marketing, or managing, we currently have corporate positions available. Let your regional manager know if you would be interested.

You can email me directly with any tips/ideas: devon@sunbeltstaffing.com. Happy New Year and way to go Tampa Bay Bucs! **-Devon Pero**

New Sunshine Has Arrived

TORI T RAYLOR

Sunbelt is pleased to announce a new recruiter for our therapy team. Tori's overall enthusiasm and desire to achieve will be a valuable asset as we grow this division. In just her second month she has placed two therapists in her region! Speaking of growth, if you hear any news that the facility you are assigned to has a need in their therapy department please let us know. We are rapidly expanding this division and would appreciate any leads you can give us. Be sure to contact Jimmy Bowen, our new Therapy Director.

Valentine's Day Trivia

Q: Why do people sign their letters with XXX's (kisses)?

A: When the majority of people were unable to read and write, an X was a valid signature. They often kissed the mark to show their agreement and complete sincerity. The practice of kissing the X led to it's becoming the symbol of a kiss.

-Anyone know about the OOO's (hugs)?

Happy Birthday!

In honor of President's Day...

To honor Washington and Lincoln, some words of advice from fellow presidents.

"Change is the law of life. And those who look only to the past or present are certain to miss the future."
John F. Kennedy, 1964

"It is hard to fail, but it is worse never to have tried to succeed."
Teddy Roosevelt, 1899

Accounting Additions

The payroll department has some great news! By the end of Spring 2003 we will have implemented a new system that will allow employees to have their paychecks sent to special Debit cards. This will allow our Traveling employees instant access to their money! Details to come in the near future!!

Any employee who is interested in joining our 401K program, please call the HR department for details. And finally, just a friendly reminder that all employees of Sunbelt Staffing can be members of the Eastern Financial Credit Union. The people at Eastern Financial are a very friendly staff ready to help you with your banking needs.

If you have changed your address, phone, or email please notify your Regional Manager to keep our database current.

Referrals...MAKE SOME CASH!

Just a reminder, you can make extra cash with Sunbelt, just by referring someone to travel. We will pay you \$250 for each nurse or therapist you refer to Sunbelt. Once they start their assignment the referral check is in the mail to you. You will also receive \$250 per assignment that employee works. That's up to \$1,000 per year! And if you have 3-4 hires just think of all the money you can earn on the side. Just call in to your Regional Manager with your referrals. It's all in who you know!

"Did you know's" from Housing...

Did you know...

you are not officially moved out, until your keys are turned into the front office of your apartment complex.

Did you know...

that you MUST do a walk thru with you apartment complex before moving out? Advice for less stress, schedule it the day of your move out!

Look for more "did you know's" from housing next month.

Monthly Chuckle

I was performing a complete physical, including the visual acuity test. I placed the patient twenty feet from the chart and began, "Cover your right eye with your hand." He read the 20/20 line perfectly.

"Now your left." Again, a flawless read.

"Now both," I requested. There was silence.

He couldn't even read the large E on the top line. I turned and discovered that he had done exactly what I had asked; he was standing there with both his eyes covered. I was laughing too hard to finish the exam.
